

Course Openings:

We have the following openings available for regular courses:

COURSE	TITLE	TERM
AQUA 501.001	Aquaculture Production Systems	1
AQUA 502.001	Fish Nutrition, Feeds and Feeding	1
AQUA 503.001	Fish Health	1
AQUA 504.001	Finfish Genetics and Reproduction in Aquaculture	1
AQUA 506.001	Business Concepts in Aquaculture	1
AQUA 507.001	Seafood Processing	1
FNH 300.001	Food Engineering	1
FNH 403.001	Food Laws, Regulations and Quality Assurance	1
FNH 414.001	Sustainability in the Food Industry	1
FNH 415.001	Business Concepts in Food, Nutrition, and Health	1
FNH 490.004	Advanced Topics in Food, Nutrition, and Health	1
FOOD 510.001	Advances in Food Science	1
FOOD 512.002	Hazard Analysis and Critical Control Point and Food Safety Management	1
FOOD 523.001	Advances in Food Microbiology	1
FOOD 528.001	International Food Laws and Regulations	1
FRE 326.001	Empirical Methods for Food and Resource Economics	1
FRE 340.001	International Agricultural Development	1
FRE 460.001	Economics of Food Consumption	1
FRE 490.001	Current Issues in Food and Resource Economics	1
FRE 528.001	Applied Econometrics	1
APBI290.001	Introductory Topics in Applied Biology	1
APBI327.001	Introduction to Entomology	1
APBI496A.001	APBI Practicum	1
APBI496B.001	APBI Practicum	1
LFS 100.001	Introduction to Land, Food and Community	1
LFS 100.002	Introduction to Land, Food and Community	1
LFS 100.003	Introduction to Land, Food and Community	1
LFS 350.199	Land, Food, and Community II: Principles and Practice of Community Food Security	1
APBI496A.003	APBI Practicum	1&2
APBI496B.003	APBI Practicum	1&2
LFS 250.001	Land, Food and Community I: Introduction to Food Systems and Sustainability	1&2
LFS 250.002	Land, Food and Community I: Introduction to Food Systems and Sustainability	1&2
FNH 340.001	Food Theory and Applications	2
FNH 345.001	Counselling Skills in Dietetics	2
FNH 402.001	Functional Foods and Nutraceuticals	2
FNH 404.201	Food Safety and Quality Management	2
FNH 473.001	Applied Public Health Nutrition	2
FNH 474.002	Sport Nutrition	2
FNH 490.002	Advanced Topics in Food, Nutrition, and Health	2
FOOD 515.001	Fundamentals of Agri-Food Business	2
FOOD 516.001	Advanced Food Safety and Quality Management	2
FOOD 524.001	Advances in Food Processing	2
FOOD 527A.001	Special Topics in Food Science	2

FOOD 529.002	Laboratory Methods in Sensory Evaluation	2
FRE 302.201	Small Business Management in Agri-food Industries	2
FRE 385.001	Quantitative Methods for Business and Resource Management	2
FRE 515.001	Agribusiness Management	2
FRE 521D.002	Topics in Food and Resource Economics	2
FRE 521G.002	Topics in Food and Resource Economics	2
FRE 523.002	Resource Economics I	2
FRE 530.002	Econometrics with Time Series Data	2
APBI317.002	Welfare and Ethics of using Animals in Science	2
APBI322.001	Horticultural Techniques	2
APBI419.201	Fish Health	2
APBI428.99C	Integrated Pest Management	2
APBI490.202	Advanced Topics in Applied Biology	2
APBI496A.002	APBI Practicum	2
APBI496B.002	APBI Practicum	2
APBI265.001	Sustainable Agriculture and Food Systems	2
APBI361.199	Key Indicators of Agroecosystem Sustainability	2
LFS 101.201	Principles of Microeconomics with Applications to Land and Food Systems	2
LFS 150.004	Scholarly Writing and Argumentation in Land and Food Systems	2
LFS 252.002	Land, Food, and Community: Quantitative Data Analysis	2
LFS 400.001	Audio Storytelling	2
LFS 450.001	Land, Food, and Community III: Leadership in Campus Food System Sustainability	2
